"REVELATION"

Picture at Harte Theatre Tonight Re-veals Nazimova's Versatility.

Nazimova, the great star of the Metro pictures, "Revelation," which will be presented at the Harte Theatre today shows her ability as an artistic interpreter of classic dancing in this photodrama.

Dressed as a bacchante, a priestess of Bacchus, god of wine and revelry with leaves in her hair, a garland of grapes across her shoulders, with a goblet in one hand, and a cluster of grapes in the other, she performs "La Danse Bacchante," typifying the exuberant spirit of revelry of a Parisian cafe.

The great Nazimova executed this dance with true artistry and poetry of motion in graceful movements which were ideal for registration by the motion picture camera. On the screen, this dance is a revelation in accurate presentation of dance movements in motion pictures.
